#### In loving memory of

In lieu of the traditional wedding favours we have decided to make a donation to a cause which is very close to our hearts, the Cystic Fibrosis Trust.

Cystic fibrosis is a life-shortening genetic condition that slowly destroys the lungs and digestive system. There are over 10,500 people with cystic fibrosis in the UK; only around half will live to celebrate their 42nd birthday. This donation will help the Cystic Fibrosis Trust to make a daily difference to the lives of those with cystic fibrosis, and the people who care for them, and to one day beat it.
