Diwali door hanging decoration

You will need

- Coloured A4 paper
- String
- Scissors
- Pencil
- Ruler
- Glue
- Sticky tape

1

Cut a piece of A4 paper in half.

2

Take on half and fold the shorter edge about 1cm down.

3

Flip your paper and make another fold in the opposite direction about 1cm below the first.

4

Continue this process until you reach the end of the paper.

5

Add a line of glue along one side of the end fold.

6

Bring the ends of the glued line together and pinch the paper to secure.

7

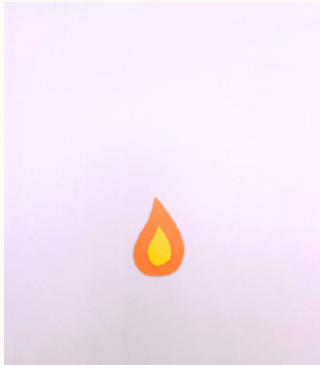

Fan out the rest of the paper to make a semicircle. This is the diya base.

8

Draw a flame shape on yellow paper and a slightly smaller one on orange paper.

9

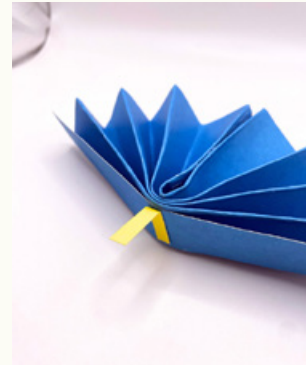

Cut them out and glue them together.

10

Cut a short rectangle from the spare yellow paper and fold it in half.

11

Add a dab of glue to one half of the folded rectangle and stick it to the top of the diya base.

12

Stick the flame to the exposed half of the rectangle.

13

Repeat steps 1-12 to produce six diya lamps

14

Cut three sections of string about 80cm long each.

15

Tape two diyas to each piece of string.

16

Hang the strings next to each other to create a beautiful Diwali decoration.
